About

BIO Business Solutions® is the largest cost-savings **program for the life science industry, offering** BIO and state affiliate members exclusive, industry-specific offers on a variety of general business solutions, such as insurance, finance and PEO, as well as access to lab products, waste management services and more—all in one place and tailored to save your company time and money.

How does it work?

BIO Business Solutions® pools the purchasing power of thousands of life science companies to negotiate **competitive pricing and favorable terms on** supplies and services critical to their success.

There is no charge for BIO and state affiliate members to participate, and companies can utilize one, some or all of the special pricing arrangements.

Why is BIO Business Solutions right for me?

**Instant access
to a rich portfolio
of services.**

From lab equipment and office supplies to HR and shipping services, we've got you covered **on the services life science companies need and are used by** industry peers on a regular basis.

**The due diligence
is done by industry
experts.**

We renegotiate with company partners to ensure that we offer **the most competitive rates and** terms. Not only are your contract terms guaranteed year-to-year, but rest assured that they are reviewed and enhanced regularly.

**Tailor the offerings
to your business
model.**

Whether you are operating a lab or virtual biotech company, our suite of services can be packaged **to fit your business needs. Use** them all or just a few. As your business grows, simply add to your list of discounted services.

More savings. More research.

How do I sign up?

Participation is free for BIO and state affiliate members and signing up is painless. Just give us a call or send us an email and let us know what you'd like to save money on. We'll do the rest!

Trusted and Preferred by Biotech Leaders

"Companies are going to get more of a response as a member of BIO through these programs because they're seen as part of a large customer as opposed to a small company that's trying to make it on its own."

– ISAAC YOUNG

GxP Procurement & Supplier Management Senior Director, Sangamo Therapeutics, Inc.

"The BIO Business Solutions program offers excellent options that help me attain the goal of sparing cash, which drives us successfully to our other goals... It will save you time and money!"

– KEITH MURPHY

Founder & CEO, Viscient Biosciences

"Our company has been using the BIO-VWR National Program since 2006. Our analysis showed over a 46% savings on lab supplies last year with additional savings on freight, fuel surcharges, hazardous material handling fees, as well as earned cash-back rebates that are also part of the program. We couldn't be happier."

– LYNN CILINSKI

Vice President & Controller, MacroGenics, Inc.

"With BIO Business Solutions®, the due diligence has been done and the discounts negotiated for us. We now have the same buying power as much larger companies..."

– KARTHIK RAMACHANDRAN

Co-Founder & Chief Operations Officer, Likarda LLC

ADP TotalSource
★★★★★ 127 reviews

Utilize ADP's expertise with a R&D study to review your life science research activities.

Is Your Company Performing R&D Activities?

The term "research and development" is broad and includes creating or improving engineering processes, developing or improving a product, developing computer software and more. While not an exhaustive list, here are a few R&D activities that generally qualify for the federal tax credit.

The information provided in this document is for informational purposes only and not for the purpose of providing legal, accounting or tax advice.

ADP, the ADP logo and Always Designing for People are registered trademarks of ADP, Inc. All other marks are the property of their respective owners. Copyright (C) 2023 ADP, Inc. All rights reserved.

Benefits

- 20% off ADP R&D tax credit standard published rates as part of your membership
- A free initial assessment to estimate the potential federal & state R&D tax credits for which your company may be eligible;
- Refund/credit clause included in every R&D tax credit engagement;
- **R&D study reviewing potential qualified expenses delivered** by a team of experienced tax professionals; and
- **Access to ADP's team of R&D experts who are trained to help you maximize your credits.**

Developing, modifying, designing, supporting or supervising research activities for:

- product design, development, and testing new scientific theories and research methods
- prototypes of new products or extending the shelf life of existing products
- creation of therapeutics, repurposing or reformulating existing drugs
- designing wearables and digital health devices to monitor health and physical activity
- establishing new technologies to further telemedicine
- innovation in robotics, artificial intelligence or other new technology into existing products
- designing new drugs, chemical compounds or medical devices
- new or unique blending technology or delivery systems for compounds or medicines design and execution in experiments or trials
